ABOUT THE CAMP THEME

This year, campers will use children's books to explore their artistic side. From color, textures, techniques and shapes used within the illustrations to bookmaking techniques, there's a lot that can be learned through books...not to mention the inspiration that can come from characters and events within the stories. Each week has its own theme so that campers can sign up for multiple sessions and explore a different topic each time.

Once upon a time, there was a camp where kids were free to be as creative as their imaginations could allow, where the world of visual arts was explored through adventurous, hands-on projects, where getting messy was actually encouraged.

Wait...this isn't a fairy tale from some far-away land. This is Summer Camp at Main Line Art Center! Join us as we use children's books and illustrations as a springboard to explore art and imagination.

Under the guidance of professional artists, campers delve into imaginative age-appropriate projects while learning the fundamentals of drawing, painting, collage, printmaking, ceramics, metalwork, jewelry and more. At the end of each session, campers proudly display their work in an exhibit for families and friends in our galleries. Kids leave camp more confident and social, and with the skills and a love of art that they can draw on for the rest of their lives.

Learning comes easiest when kids are working on age-appropriate projects, so camp is broken down into age groups. Please register your child for the appropriate program based on the age they will be when the session begins.

- 4-5 Years - Mornings Only
- 6-7 Years - Morning or Full Day
