Ceramics Student Exhibition

February 14-March 1, 2009

This exhibition is a wonderful opportunity to show the quality of work produced by Main Line Art Center students. Any student who has taken a class between Fall 2005 and the present may submit one piece to the exhibition. The piece should have been done at Main Line Art Center or as a result of a class, and must be limited to one foot by one foot in size. While we welcome work being for sale, it is not required. The Art Center has agreed to take a lesser commission on sales, 30%, since this is a special exhibition for our students. We also hope that students will volunteer to help since this is your special show and we need your help to make it a success.

Please indicate that you will be participating by contacting Katlyn Groppi at kgroppi@mainlineart.org or 610.525.0272 x17 by no later than Feb. 5 and sending her your preferred drop off and pick up times.

When dropping off your work, please neatly fill in the label below (it will serve as the final label) and attach it to your piece so it can be later affixed to a pedestal.

Dear Friends of the Ceramics Department,

Since we last saw you, we've been very busy making improvements to our ceramics studio. From new ventilation systems, to our new monitors who are passionate about keeping the studios clean and safe, our ceramics department has never been better.

To celebrate the improvements and showcase the talents of our ceramics department, we've planned a Ceramics Student Exhibition from Feb. 14-March 1, 2009 and would like to invite you to participate. Please see the reverse side of this document for more information. We hope you will also join us for an Open House & Chili Bowl Fundraiser on Thursday, Feb. 19 from 5:30-7:30 pm.

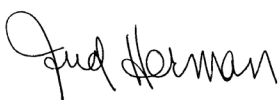

Finally, our winter session schedule boasts over 25 challenging and exciting ceramics and sculpture classes and workshops. Beginning on Jan. 12, the winter is the perfect opportunity to witness our improvements first-hand. Visit our website at www.mainlineart.org to browse through the classes and register online.

Here are just a few reasons why you should return to our ceramics community:

- Among the cleanest and well run studios in the area.
- Well ventilated throughout with three new ventilation units.
- Gas kiln firings that achieve excellent results.
- Electric kiln firing rotation that turns around work in a week or less.
- Refurbished and heated glaze shed available year-round.
- A strong and wide variety of glazes to choose from.
- Knowledgeable studio monitors who have taken charge and are eager to help.
- Professional Teaching Artists – New faces and returning favorites!
- Programming for all levels of artists, from beginner to advanced.
- A strong raku program waiting for new participants.
- Intimate classes with no more than 12 students.
- Additional open studio hours for members and students taking classes.
- Affordable kiln and studio rentals.
- New sidewalk for easy access.

We hope you'll join us for the Ceramics Student Exhibition and Open House to see for yourself why Main Line Art Center's ceramics department is stronger than ever.

Sincerely,

Judy Herman
Executive Director
Main Line Art Center
